

Application Form

Type of Applicant:	<input type="checkbox"/> Government Entity <input type="checkbox"/> Private Company <input type="checkbox"/> Semi-Private Company <input type="checkbox"/> Non-Government Agency (NGO) <input type="checkbox"/> Educational Institution <input type="checkbox"/> Academic Professor <input type="checkbox"/> Student <input type="checkbox"/> Entrepreneur <input type="checkbox"/> Others: please specify -----
Name of applicant:	
Location of project/measure/or program submitted:	Country: City: Address:
Contact information of applicant:	Full Name (the person to be contacted for any inquiries): Direct office phone: Mobile phone: Email: Website:

<p>Title of Entry: (please give your entry an appropriate title representing its objective)</p>
<p>Project, Measure or Program Date of Execution: (please specify date when execution commenced)</p>

<p>Award Category: (please select <u>only</u> ONE category representing your entry)</p>	<ul style="list-style-type: none"><input type="checkbox"/> Energy Efficiency Award - Public Sector<input type="checkbox"/> Energy Efficiency Award - Private Sector<input type="checkbox"/> Large Energy Project Award (above USD 3.0 million in total capex)<input type="checkbox"/> Small Energy Project Award (below USD 3.0 million in total capex)<input type="checkbox"/> Solar Energy Project (Distributed Generation) – Large Scale > 500 kW<input type="checkbox"/> Solar Energy Project (Distributed Generation) – Small Scale < 500 kW<input type="checkbox"/> Education and Capacity Building Award<input type="checkbox"/> Research and Development Award<input type="checkbox"/> Young Energy Professional Award
<p>Description of Project, Measure or Program – Max 500 words: (As an executive summary, please describe the objective, targets, process, deliverables and measurable results. Detailed description can be included in the supporting attachments).</p>	

Submission Details:

Entries shall exhibit proven processes and results in energy and resource management to drive the following values which represent the **evaluation criteria** below:

- | |
|---|
| <p>A. Creativity & Innovation - in terms of demonstrated systems and processes influencing energy technologies and opportunities with potential for further development and transferability to others.</p> |
| <p>B. Energy Efficiency - representing reduction of specific energy consumption through general house-keeping measures, best practices, retrofitting inefficient equipment and new projects in the usage of electrical as well as thermal energy.</p> |
| <p>C. Increase of Renewable Energy share in energy source portfolio - use of renewable energy such as solar, wind, biomass, biogas and other cleaner energy sources and gradual reduction of dependence on non-renewable energy sources.</p> |
| <p>D. Economic, Behavioral, Health & Safety, Energy Security & Environmental Impact - potential to delivering significant benefits including improvements in quality of life, cutting greenhouse gas emissions and supporting sustainable energy, in addition, to building knowledge capacity and corporate social responsibility.</p> |

Supporting Information (as an attachment to the application – Max is 15 pages A4 size):

Entries shall be able to demonstrate how effective they have been in delivering intended objectives and demonstrated performance supported by facts and figures on how it has been successful in meeting the **evaluation criteria**.

For example, for Energy Efficiency category, entries must showcase comparative results associated to energy savings such as saving in water, electricity, fuel, chemicals and/or other resources. Energy performance monitoring shall include comparative historical data, demonstrated results, and investment vs. cost savings. Entries shall demonstrate monetary savings through a life-cycle cost analysis by outlining its payback period and internal rate of return (IRR).

I/ We hereby declare that the information provided on this application form and in the attachments thereto is full and correct. I/ We declare my/ our acceptance of the terms and conditions of participation for the Emirates Energy Award.
